**Subject: Recommendation Letter**

Mr. Muhammad Omer Sharif is known to me since last two years. He has been my student during his Masters Course of Study. I have taught him Operations Research in Masters Programme. He is a dedicated, hardworking and well motivated person. Mr. Sharif has clear concepts about the fundamentals of Mechanical, Industrial and Manufacturing Engineering. He is very much capable to pursue for PhD from a reputed institution.

I strongly recommend him admission and scholarship for pursuing him PhD from a reputed institution.
